## **Community Newsletter: Connecting Education and Our Community**

September 5<sup>th</sup>, 2025

We're excited to share the launch of our new Community Newsletter, created to strengthen connections with our valued community partners and local media representatives.

Over the past year and a half, Orion Technical College has experienced tremendous growth with program extension, working with prospective students from around the U.S., and building opportunities for collaboration. With so many exciting developments, we want to ensure our partners stay informed and engaged.

This newsletter will serve as a weekly update, highlighting:

- Program news and expansion: including healthcare, technology, and graduate studies.
- Student and community impact stories: showing how education changes lives.
- Upcoming events and opportunities: from career fairs to community partnerships.
- Media collaboration: invitations for coverage, campus visits, or virtual features.

As always, we welcome opportunities to collaborate with our local partners. Troy Harris, CEO and Chairman of the Board, is happy to host virtual meet-and-greets or we gladly welcome you to campus. In the past, we've been honored to host media for interviews, on-site segments, and company conferences. We'd be delighted to continue that tradition!

If you'd like to schedule a visit, arrange an interview, reserve meeting space or learn more about the changes at Orion Technical College, please don't hesitate to reach out!

We look forward to continuing to build strong partnerships and keeping you connected with OTC.

### **About Orion Technical College**

Founded in 1969, Orion Technical College has proudly served the Quad Cities and beyond for over 50 years, offering industry-focused education in healthcare, technology, and applied sciences. Orion is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC) and authorized by the State of Iowa.
